

## Canary

Liz Phair

I learn my name  
I write with a number two pencil  
I work up to my potential  
I earn my meat  
I come when called  
I jump when you circle the cherry  
I sing like a good canary  
I come when called  
I come, that's all  
Send it up on fire  
Death before dawn  
Send it up on fire  
Death before dawn  
I clean the house  
I put all your books in an order  
I make up a colorful border  
I clean my mouth  
Cause froth comes out  
Send it up on fire  
Death before dawn  
Send it up on fire  
Death before dawn
