She said that it's probably a bad place to be
But it's probably worse than Manhattan
Looks like shit and it feels like America
Looks like shit and it feels like America
Take the train right up to the zoo
Don't look back on what you've been through
Cause everyone's got a Monday
Looks like shit and it feels like America
Looks like shit and it feels like America
It's nice to be liked
But it's better by far to get paid
I know that most of the friends that I have
Don't really see it that way
But if you could give em each one wish
How much do you want to bet
They'd wish success for themselves and their friends
And that would include lots of money
I would surely include lots of money
So if there are any of you little green elves
Sitting out there today
Step right up wish me old Irish luck
But I also need shitloads of money
And if there are any of you dirty rich old men
Sitting up there in the shade
Step right up I'm a (?) fuck
But I'm gonna need shitloads of money
I have got to have shitloads of money
I have got to have shitloads of money
