

I think you're trying to scare me  
So that I will stop thinking about you  
I think you're trying to scare me  
So that I will stop trying to be you

It's not that easy, it's not that easy  
I laughed when I heard you died  
'Cause I didn't know what else I was gonna do

Now, I laugh when I see you alive  
'Cause I think you're just pulling my leg  
It's not that easy, it's not that easy

Well, it must have taken a whole lot of anger  
And it must have taken a whole lot of time  
And I can't believe that you found me after all these years  
I guess you must have something heavy on your mind

And I can't believe that you thought I'd be happy  
To see you up and around, like it's any warning  
You look like shit and the smell is even better  
And I feel like shit and I wanna go back to bed

You can walk through walls  
You can make the head on a doll spin around  
And you can haunt the halls  
But you can't ask me to make you feel at home  
It's not that easy, it's not that easy
