

Explain It to Me

Liz Phair

Head underwater
Keeps getting hotter
Give 'em your medicine
[Fame] injection
Tell them to jump higher
Tell 'em to run farther
Make 'em measure up
Decades longer than you
[Piece] it together
It's like weather
Watch him travel
Kiss the gravel
Tell him to jump higher
Tell him to run farther
Make him measure up
Ten times longer than you
Ever should, you never could
explain them to me, explain them to me
