

## Girls' Room

Liz Phair

I'm sleeping in the girls' room  
I'm sleeping in the sky, I'm sleeping in the water

I'm sleeping in the girls' room tonight

Here comes Tiffany  
My best friend, Tiffany  
Wearing a size too small of sweater

Me and Tiffany  
Dressing up pretty  
We love to ride, we love to canter

My best friend Tiffany  
She is so popular  
We're going from site to site and pool to pool tonight

And we hear Terry say that Tricia's ok  
But she ought to learn to shave her bikini line better  
And Tauren was born, like her mother in a storm  
And Tracey's been away forever...
