

# Open Your Eyes, You Can Fly

Lizz Wright

Never be afraid to love  
Never be afraid to just be  
Catch the way & change the doubt  
Have a courage to be free  
Don't gaud your eyes with others lies  
See only what You wanna? see  
Duplicate the simple truth  
Have a courage to be free

Open Your eyes, you can fly  
Open Your eyes, you can fly  
You can fly  
You can fly

Never be afraid to love  
Never be afraid to just be  
Catch the way & change the doubt  
Have a courage to be free  
Don't gaud your eyes with others lies  
See only what You want to see  
Just duplicate the simple truth  
And have a courage to be free

Open Your eyes, you can fly  
Open Your eyes, you can fly
