

# Wake Up, Little Sparrow

Lizz Wright

Wake up, wake up  
Little sparrow  
Don't make your home  
Out in the snow  
Don't make your home  
Out in the snow

Little bird,  
Don't you know  
Your friends flew south  
Many months ago  
Your friends flew south  
Many months ago

You're just a babe  
You cannot fly  
Your wings won't spread  
Up against the sky  
Your wings won't spread  
Up against the sky

Mmm ...

Wake up, wake up  
Little sparrow  
Don't make your home  
Out in the snow  
Don't make your home  
Out in the snow
