

When I Fall

Lizz Wright

I want to be wild and bold enough to run with you, my baby
I want to skip time lay the hours aside and stay with you, my baby

But oh if I look down now, will I fall
And what if the water's cold, when I fall

I want to be still and quietly say, I'll lay with you my baby
I wish I were brave and sure today to pray that it's you my baby

When I fall, when I fall
