

# Menace to Society

Lizzy Borden

I see right through you  
As your eyes of stare  
Gaze upon me in disgust  
Your point of view I'm well aware

Dignified just like the masses  
Inside your clone attire  
Should we be just like you?  
A wild beast they broke and stole your fire

You say that I'm corrupt  
I'm infliction pain  
But your routine sacrifices  
Weigh too heavy on my brain

Outside the breakdown  
Is driving home  
But with my rebellious nature  
I shall not fall

Ah-oh-I'm the menace  
Ah-oh-I'm the menace  
Dit-dit-dit-dit-dit-da  
To society - to society

You can't make me play your game  
I guess we're just not the same  
I refuse to pay your debt  
No returns and no regrets

Ah-oh-I'm the menace  
Ah-oh-I'm the menace  
Ah-oh-I'm the menace  
Ah-oh-I'm the menace  
Dit-dit-dit-dit-dit-da  
To society - to society

You can't make me play your game  
I guess we're just not the same  
I refuse to pay your debt  
No returns and no regrets
