

# Under Your Skin

Lizzy Borden

In the dark where you feel connected  
Hide away from they you were rejected  
Crumbling walls in there you won't survive  
When I touch you where you hurt  
While I skin you alive

I wanna crawl down under your skin  
I wanna go where no one's ever been  
I wanna crawl down under your skin  
I wanna Strip away the pain

Look at you you're sick and self infected  
Ain't got a clue of who you see reflected  
Empty eyes of vacant suffocating  
Drowning in your vanity you're disintegrating  
Who you are is what I wanna be  
So bizarre so insane  
Where you are is where I wanna be  
How we are is all in vain

I wanna crawl down under your skin  
I wanna get to where I've never been  
I wanna crawl down under your skin  
I wanna lick away the pain  
Now we are all the same  
Now we are all the pain
