Yeah, uh-huh Uh-huh, I can't explain it

You know it's that moment
It's just that moment
Y'knahmsayin? I can't explain it

Can't explain it
My love when we're together
You're the greatest, nobody does it better
When you hold me
I wish that I could be your, one and only
Nobody does it better

I understand you want canaries on your hand Masterpiece Roley, gold tri-color band Cute wedding pictures sittin' on the nightstand You don't want to make it happen unless it's the right man I know you won't touch me unless you trust me You kiss me and hug me but still won't crush me I'm kissin' on your neck real tender Gentle as can be, but you still won't surrender Let me kiss your eyes Let the smell of the incense enhance the vibe I pull back to stare at your eyes Sittin' there quiet like I'm hypnotized We kiss a little more, laugh and smile Might even share a lollipop, you know my style Kick your Charles Davids off, relax for a while Let's pretend that we're walkin down the aisle I can't explain it

My turn to get rocked, lifted out my socks with sound effects and whatnot (mmm)
A little perfume above the right spot, just a touch
Never too much, I lick it like a Dutch
Two of my favorite numbers, you know what I mean
Add 'em up and they equal fifteen
You the 6 I needed you like a fix

I can see it my mind, I knew we was gon' click
I pick up the pace
You feel the stubble from my beard on your face
I look at your lips and take a taste
Switch it up I got my hands on your waist
We whylin' out, we all over the place
I'm holdin' on with a strong embrace
You holdin' on and tryin' to keep the faith
Together we blast to outer space, I can't explain it
