

Like a Radio

LL Cool J

"I'd like to make a request"

What'chu wanna hear baby? Ah-hah

Aww man

Uh-huh

I keep the ass poppin like the locks on a Benz

After the afterparty we'll be gettin it in

Pause for a drink then we cuttin again

I be your babysitter when I'm tuckin you in

Let it ride, no hands, then touch it again

Play DJ on that ass, bump it again

Rotatin bed, watchin it spin

Your the lyrics I'm the beat, I'm killin this blend

I'ma touch your little button, I'ma flip the switch (ay!)

I'ma turn you on like a ra-d-io

Turn the lights out, plug me in

Come and turn me on like a ra-d-io

I request her at night, she's my favorite song

I'm the station, and the only one she cum on

Heavy rotation, all night long

Rap to me baby, turn my mic on

I kill it like Summer Jam when I perform

Treat your body like a stage, jump right on

I got your spot packed, tight as my song

Hands in the air, spotlight on

(What's my motherf'n name?)

L, L, Cool, J

Nobody hot as me, no, way

I keep heat for y'all, all, day

I'm lockin down the game like Rah-way

Ass like a turntable goin round and round

Cuttin it and scratchin it and rubbin it down

You was hatin on the bars but you lovin 'em down

You assumed I was soft - I'm thuggin it, WOW!

Like a turntable goin round and round

(I'm turn you on like a radio)

Like a turntable goin round and round

(Come and turn me on like a radio)

"I'd like to make a request"
