

# Whaddup

LL Cool J

(I say whaddup?)  
I got so much trouble on my mind  
Refuse to lose (I say whaddup?)  
It's your ticket (Whaddup?)  
Hear the drummer get wicked (I said whaddup?)  
I got so much trouble on my mind  
Refuse to lose (I say whaddup?)  
It's your ticket (Whaddup?)  
Hear the drummer get wicked (Whaddup?)

Time to put em in the dirt, somebody get hurt  
Hard time, it's rough (Whaddup?)  
I took a look at my life, it cuts like a knife  
What I have is not enough (Whaddup?)  
I got a lot on my mind, cross the line  
Homeboy, I cut you up (Whaddup?)  
No reason to bribe, I'll 'pose the nine  
You'll lose your mind. I said (whaddup?)

I got so much trouble on my mind  
Refuse to lose (I said whaddup?)  
It's your ticket (Whaddup?)  
Hear the drummer get wicked (I said whaddup?)  
I got so much trouble on my mind  
Refuse to lose (I said whaddup?)  
It's your ticket (Whaddup?)  
Z-Trip, get wicked (Whaddup?)

Hard-hard-hard as hell  
Battle-battle anybody  
Rock-rock-rock-rock the bells

I can't take it no more, my nerve's so raw  
This economy is outta control (Whaddup?)  
Kick down your door, put the whipper to your jaw  
This time, it's moral (Whaddup?)  
I feel so hard, oh my God  
Come back and save my soul (Whaddup?)  
Never settle for the silver motherfucker in the Bronx  
Know my style, give me that gold (Whaddup?)  
I came to test ya, under pressure  
Let's see if ya balls gon' fall (Whaddup?)  
I'll take you mind, now is the time  
Hungry, you've been told (Whaddup?)  
I've been fighting for my dream my whole life  
But this day-to-day grind gets on (Whaddup?)  
East-to-West Coast-al, going postal  
Action, who wants that roll?

I got so much trouble on my mind  
Refuse to lose (I said whaddup?)  
It's your ticket (Whaddup?)  
Hear the drummer get wicked (I said whaddup?)  
I got so much trouble on my mind  
Refuse to lose (I said whaddup?)  
It's your ticket (Whaddup?)  
Bring-bring-bring-bring the noise

Release the beast, where's my feast?  
Feed my hunger pains (Whaddup?)  
Kids got to eat, no defeat  
My turn to take your brains (Whaddup?)  
Shoot the ring, off the king  
I have perfect aim (Whaddup?)  
And what I bring, is gonna swing  
The world like a hurricane (Whaddup?)  
I'm gonna show you, what it feels like to go through  
The bullshit that I've been through, it would make you mental  
It's time to lay down, take off the crown  
Business, not a game  
Heart stop the pound, the time is now  
We gotta break these fucking chains

(I say whaddup?)  
I got so much trouble on my mind  
Refuse to lose (I say whaddup?)  
It's your ticket (Whaddup?)  
Hear the drummer get wicked (I said whaddup?)  
I got so much trouble on my mind  
Refuse to lose (I say whaddup?)  
It's your ticket (Whaddup?)  
Hear the drummer get wicked (Whaddup?)
