Most of the time I'm too focused all around Most of the time I can keep both feet on the ground I can follow the path I can read the sign I can stay right with it As the road unwinds I can handle whatever I stumble upon I don't even notice that she's gone Most of the time Most of the time It's well understood Most of the time I wouldn't change it if I could I could make it all match up I can hold my own? I could deal with the situation Right down to the bone I could survive I can endure And I don't even think `bout her Most of the time Most of the time My head is on straight Most of the time I'm strong enough not to hate I don't build up illusion until it makes me sick I ain't afraid of confusion no matter how thick I can smile in the face of mankind I don't even remember how her lips felt on mine Most of the time Most of the time She ain't even in my mind Would I know her if I saw her She`s that far behind Most of the time I can't even be sure If she was ever with me or if I was ever with her Most of the time i`m halfways content Most of the time I know exactly where it all went I would cheat on myself I don't run and hide I won't hide from the feelings That I buried inside I don't compromise And I don't pretend And I don't even care

Most of the time

If I ever see her again
