Jodie wears a hat Although it hasn't rained for six days She says, "A girl needs a gun these days Hey, on account of all the rattlesnakes"

She looks like Eve Marie Saint In on the waterfront She reads Simone de Beauvoir In her American circumstance

She's less than sure if her heart has come To stay in San Jose And her never born child still haunts her As she speeds down the freeway

As she tries her luck with the traffic police Out of boredom more than spite She never finds no trouble, she tries too hard She's obvious despite herself

She looks like Eve Marie Saint
In on the waterfront
She says, all she needs is therapy, yeah
All you need is, love is all you need

Jodie never sleeps
'Cause there are always needles in the hay
She says, "A girl needs a gun these days
Hey, on account of all the rattlesnakes"

She looks like Eve Marie Saint In on the waterfront As she reads Simone de Beauvoir In her American circumstance

Her heart, heart's like crazy paving
Upside down and back to front
She says, "Ooh, it's so hard to love when
Love was your great disappointments"
