

Remember when i told you i'd be honest wit you baby, well i got somethin i need to tell you. This ain't about no other girls, this aint even about you. I mean i still love you... but i just gotta get my shit together.

See you dont remeber the last time you asked "baby where you go in"? Or the last time, you heard the key too look like witout you knowin. But i got it all out of my stystem and told my allib i bye, that you feel like my only because i gave up my sideline .

And i thout that you was sleepin, but you've been watchin and your tongue aint sayin nothing. Cause baby you dont know, every such reason I been back and been through it... and hope, try to figure out my jigsaw, see how you've been so lost.

Iv'e been giving mixed feelings you want it back but we got there, open. I'm so guilty that it aint nothing like when you had me, open.

Yeah i know i pinky promised i wont screw you over, instead i made you call your pillow super soaker. Wonderin why i cancelled my plans put you on my day off, searchin in my pocket for my phone or check my collar.

And i thout that you was sleepin, but you've been watchin and your tongue aint sayin nothing. Cause baby you dont know, every such reason i been back and been through it... and know, try to figure out my jigsaw, see you've been so lost.
