## **Love Spaceship**

Open up the door Baby, I'm knock knockin' 'Cause I wanna take a ride in your love spaceship 'Cause I wanna take a ride in your love spaceship

I'm gonna open up the door And let your love inside Got so much more in store, baby Do you want to ride?

I could tell by the look in your eyes That I'm turning you on Come stay another night I don't wanna be alone

And I know it may sound crazy But you really got me gone I just can't help it, baby I'm in the zone

You make me wanna buy your love So you'll be all my own Ring, ring, ring your phone Girl, can you come over?

Open up the door (Oh) Baby, I'm knock knockin' (I'm knocking) 'Cause I wanna take a ride in your love spaceship (Come ride)

Open up the door (Oh) Baby, I'm knock knockin' (I'm knocking, so let me in) 'Cause I wanna take a ride in your love spaceship, boy (Do you wanna ride?)

I wanna take you to the moon 'Cause you're my shiny star My spaceship goes soon Ha! You don't need no car

Wanna be with you darling You're always on my mind Come over stop stalling Ain't got a lot of time

Yes, I know it may sound crazy But I wanna make you moan Baby, I'll satisfy you Till your mind is strong

Do anything to try your love Before you run on home Ring, ring, ring your phone
