Yesterday

```
Life aint sweet
Damn shol aint peachyjus keep ya head up
(oh babe)
[verse 1:]
As I dig deep inside my soul
Look into my past
And all that I had through these glass windows
I find myself wanderin all alone
About the ways that yesterday
Changed the path I chose
Oh
[Chorus:]
Aint no tellin where I'd be
Dead or in the penetentiary
From shootouts wit my enemy
Squeeze until my clips empty
But would they give sin to me
By the hands that was lent to me
Know that it was meant to be
To take over this industry
[Lloyd talkin:]
Yea
Its goin down
Nomore gettin left behind
Its time to shine
Mind on my grind
Look
[verse 2:]
And only the Lord knows
If I dont succeed
Then my family's left out in the cold
So I gotta play my cards
Cause if I fold
No supersta
Expensive cars
Or designer clothes
Oh
[chorus]
[Lloyd talkin:]
Never feelin bad
Situations gettin sad
Gotta move on
Sun gone shine
Jus wait til mornin
Yea
Outta all the struggles
```
