

# Champagne Showers

LMFAO

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for

Champagne showers  
Champagne showers  
Pop it in the club  
We light it up e'rry hour  
I said, champagne showers  
Champagne showers  
We pop pop pop it in the club  
We light it up e'rry hour, e'rry hour

Let the party rock!

Put your hands up  
E'rrybody just dance up  
We came to party rock  
So flash your titties like Mardi Gras

They call me Redfoo  
I walk in the club with a bottle or two  
Shake it, spray it on a body or two  
And walk out the party with a hottie or two

I'm gonna get you wet  
I'm gonna make you sweat  
A night you won't forget (won't forget)

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for

Champagne showers  
Champagne showers  
Pop it in the club  
We light it up e'rry hour  
I said, champagne showers  
Champagne showers  
We pop pop pop it in the club  
We light it up e'rry hour, e'rry hour

Let the party rock!

Boom!  
Guess who stepped in the room  
SkyBlu, Redfoo and Goon  
She's a party rocker from night 'til noon  
And it's about to be a champagne monsoon  
Baby girl, you look legit  
Come to my table and take a sip  
Open wide 'cause we're spraying it  
Fifty six bottles ain't paid for shit

I'm gonna get you wet

I'm gonna make you sweat  
A night you won't forget (won't forget)

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for  
Champagne showers  
Champagne showers  
Pop it in the club  
We light it up e'rry hour  
I said, champagne showers  
Champagne showers  
We pop pop pop it in the club  
We light it up e'rry hour, e'rry hour

Party people  
Now I want you to grab your bottles  
Put them up in the air  
Now shake, shake, shake that bottle then make it (pop)

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for
