

# Clean The Slate

Lo-Pro

I can learn to live with, all the things I've done  
I can turn my face up towards the sun  
Now I'm set to embrace  
I've learned from my mistakes  
I can leave it behind and  
Do whatever it takes

I can clean the slate  
'cause it's a new day  
and it's a good day

And I'm moving on,  
I've been keeping all of this inside for way too  
long  
Dreaming of a way to stomp on your revolution  
And dwelling on the ways that everyone's done  
me wrong  
I'm moving on  
I'm leaving all of this behind me

I'll admit you got me, but that was only once  
I won't live so blindly  
'cause I  
I can learn to confront

I can clean the slate  
'cause it's a new day  
and it's a good day

And I'm moving on,  
I've been keeping all of this inside for way too  
long  
Dreaming of a way to stomp on your revolution  
And dwelling on the ways that everyone's done  
me wrong  
I'm moving on  
I'm leaving all of this behind me

And I have learned to tolerate  
And now there's nothing you can say about me  
To make me feel like I'm not something  
'cause that's the old me  
And it's a new day

And I'm moving on,  
I've been keeping all of this inside for way too  
long  
Dreaming of a way to stomp on your revolution  
And dwelling on the ways that everyone's done  
me wrong  
I'm moving on  
I'm moving on  
Keeping all of this inside  
It's been so long  
I'm moving on  
Dreaming of a way to stomp  
It's been so long

I'm moving on  
Dwelling on the ways that everyone's  
It's been so long  
I'm moving on

I'm moving on
