Always waiting for the truth to come out I'm caged in your eyes
And it's making me lie

So I'm not everything you wanted me to be Sorry I ever dissapointed I am not me

I lied my way in through your heart
I feel so ugly
And it's tearing at me

So I'm not everything you wanted me to be Sorry I ever dissapointed I am not me

So I'm not everything you wanted me to be Sorry I ever dissapointed I am not me
