

## Love Me For What I Am

Lobo

I wore the clothes you liked  
You said they gave me that look  
I even tried to like the food  
I know you like to cook  
I parted my hair on the left  
I carried your arm on the right  
I slept late in the morning  
And I stayed out late at night.

I can't give any more of my soul away  
And still look myself in the mirror everyday  
I can't change any more  
of what makes me be myself  
And still have enough left  
not to be somebody else  
I'm not demanding as a man  
Just asking you - love me for what I am.

I tried hard not to say  
the things you don't like to hear  
And when to you it was apropos  
I nibbled on your ear  
I opened the door up for you  
I kept my big mouth shut  
Well I've been going down  
While you've been going up.
