

# Where Were You When I Was Falling In Love

Lobo

When your eyes met mine  
I knew that I had better play it cool  
I'm doing my best trying to resist  
Cause I ain't no fool

Where in the world did you come from baby  
You waited just a little too long  
To look my way  
Now it's a little to late

Where were you  
When I was falling in love  
I was looking for you baby  
Where were you  
When I was falling in love  
Looking for you baby  
If I'd ever looked in those eyes before  
We'd be together tonight I'm sure  
Where were you  
When I was falling in love  
Where were you  
Lost and looking for love

If I'd have met you sooner  
I'd be talking to ya and playing the game  
But the best thing for me to do  
Is get up and leave without knowing your name  
It might have been something special baby  
Something only people in love could understand  
Like this ring on my hand
