

## Back In The Day

Local H

Well, punk is dead  
And, yeah, you're next  
But it seems no one has told you yet  
So hardcore  
You must be sore  
You come on like a major threat  
Face...I know you like it hard 'n' straight  
Face...Think I'll hang around and wait  
Hey, old school...yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day  
Well, take a bow  
Harder than thou  
You scream "Guilty" like a Judge on high  
Well, beat them back  
The new jacks  
More than music it's a way of life
