

Cha! Said The Kitty

Local H

Sucking like a crack hack
Feeling like an eight-track
Out of whack

All the times a clucking no
A suck it and a suck it

I don't want to live with that
And you don't want to take it back
And I don't want to be a rat
And you don't want a kitty cat

Reaching for the phone ring
Settle for the chump change
Settle down

Make it like a godsend
Feeling like a has-been
Remember when

All the times a clucking no
A suck it and a suck it
All the times a clucking no
A suck it and a suck it

I don't want to live with that
And you don't want to take it back
And I don't want to be a rat
And you don't want a kitty cat
