

Love  
I'm already ten steps ahead  
Tilt the wrong train  
And I fell head over heels in a moment  
Then you go

Blank stare  
Unaware  
Coulda get a warning  
Love  
I can see rain coming in  
Like jellyfish limbs from a distance  
heads swimming about  
Praying to you

Blank stare  
Unaware you could kill the lonely
