Local Natives

In a thousand ways  
I'd feel the weight of  
I'd feel the weight of  
Carolina's pain  
What's left to take from?

Closer now they came  
Farther now I'd run  
As the other way  
Violence without cause  
Hours till the dawn  
As the other way  
In a thousand ways  
The sound of The sound of broken glass  
In a single frame  
Closer gets television  
Everyone's tuning in

Closer now they came  
Farther now I'd run  
As the other way  
Violence without cause  
Hours till the dawn  
As the other way

In a thousand ways  
I see the changes  
I'd feel awakened  
I will stay the same  
Where is the morning?  
Where is the morning?

Closer now they came  
Farther now I'd run  
As the other way  
Violence without cause  
Hours till the dawn  
As the other way
