

# Anvil Of Flesh

Lock Up

A language dead  
A complex resolved  
A terrible omen black  
The true shape of our hell veiled

Retribution inherited  
The anvil of flesh awaits  
Statues of masked men  
Burn the writings of old

Stricken with panic  
The deception finally penetrated  
The madness born in blood  
The legend intact

Retribution inherited  
The anvil of flesh awaits  
Statues of masked men  
Burn the writings of old

Anvil of flesh  
Anvil of flesh

Invert the evolution  
Of the adept of freedom lost  
Invert the evolution  
Of the adept of freedom lost

Anvil of flesh  
Anvil of flesh

Invert the evolution  
Of the adept of freedom lost  
Invert the evolution  
Of the adept of freedom lost

Quivering and poisoned  
Through abandoned lands  
The sovereign elements untouched  
Imperial caress vanished
