

On Fire

Locksley

I don't have no sympathy girl
And that's the last you're giving, I'm sure
All the time I'm trying to be the man you want me to
But all I ever get from you is silence, silence

I'm on fire (out of control)
I'm on fire (out of control)
I'm on fire, and out of control

Everyone needs someone to please
But everything I've tried disagrees
All I ever ask from her: a kiss for luck and loving, sure
If I get mine then you get yours
Let's try this, try this

I'm on fire (out of control)
I'm on fire (out of control)
I'm on fire, and out of control
Stop me now, somebody stop me now
Stop me now, don't stop me now, d-d-d-don't s-s-st-st-
stop me now!
I'm on fire (out of control)
Well I'm on fire (out of control)
Yeah I'm on fire and out of control
