

At The Window

Locnville

Eh eh eh eh eh eh eh!

I feel like I've been here before (before before)
Just another view looking out the window (window window wi-window)
I don't recognize you anymore (anymore anymore anymo-ore)
You're just another pretty face at the window (window window wi-window)

I find myself looking at the mirror (mirror)
But my reflection don't reveal much clearer (clearer)
I ask myself why I try so hard
My passion that's when I'm flyin' to far (far far far)
7 seconds tick and by 6 I'm gone
Tick tick tick tick tick
Same shit, different day, there's a trip I'm on
And it feels like

I feel like I've been here before (before before)
Just another view looking out the window (window window wi-window)
I don't recognize you anymore (anymore anymore anymo-ore)
You're just another pretty face at the window (window window wi-window)

I'll be lettin' everything go (go)
Like a whisper in the wind
I'll be lettin' everything go (go)
Like a whisper in the wind
Oh!

I'll be lettin' everything go (go)
Like a whisper in the wind
Oh!
I'll be lettin' everything go (go)
Like a whisper in the wind

I'm leaving
Tomorrow, by then I'll be gone
I'm leaving
I don't know when I'm coming home (home home home)

I - I feel like I've been here before (before before befo-ore)
Eh!
J - J - Just another view looking out the window (window window wi-window)
Eh!
I - I - I don't recognize you anymore (anymore anymore anymo-ore)
Eh!
J - J - just another pretty face at the window (window window wi-window)
Eh!
