

## Mad

Loft

I must be mad  
To think that you will make my way  
Cause when I know you will, I know you need  
I must be mad  
To tell you that I see this things  
Cause when I read your mind, I know you believe

I must be mad  
I must be mad  
In your eyes  
I must be mad  
I must be mad

To think that you will make my way  
Cause when I know you will, I know you need  
I must be mad  
To tell you that I see this things  
Cause when I read your mind, I know you believe

I must be mad  
I must be mad...
