

# The Smoke Will Lead You Home

Logh

By God i'm tired  
I'm tired and i want to go home  
She's warm, like a fire  
The smoke will lead you home

My hands are tied  
Tied to the evil I know  
It's wild, like fire  
The smoke will lead you home

My heart has tired  
Tired from the bag of stone  
She's wild, like fire  
The smoke will lead you home
