

## Confess

## Logic

I want what I want how I want when I want it  
I'ma keep it a hunnid, I'm blunted  
I don't give a damn, I don't give a fuck about another man  
Fuck a brother man  
I'ma make it make it rain like no other man  
Old girl shoulda shoulda got a better man  
Ass fat, lookin good in my letterman  
In the hood I'm a better man  
Wish a mothafucka would, would  
Whole life I been up to no good  
Change it all if I could  
Rearrange my heart to beat good but I can't  
I'm a sinner not a saint  
Layers to my life, no I can't  
Cover it up with paint  
Keep on livin, livin  
Livin on money and women  
As soon as I'm in em I'm out  
Now the truth never come out my mouth  
Speak life when I come in her mouth, like  
I'm a dirty mothafucka, a waste of life  
A waste of skin  
Wanna repent, don't know where to begin  
Next of kin don't give a damn bout me  
I know God don't give a damn bout me  
People try but don't know bout me  
But the devil said that he want my soul  
Give it to me right now  
Give it to me right now  
Give it to me right now  
Give it to me right now

Somebody save me, I need you to save me  
To wash away my sins on high

I'd rather be a different man in another world  
Than work for the man in my universe  
Wonder what it feel like, to take flight  
Momma told me everything gon be alright  
I mean my life can't be off right  
But come to think about it everybody runnin the world seem to be all white  
Can you mothafuckas see alright?  
I mean I need it, I want it, I gotta have it  
Every day tragic  
If you're from where I'm from everyday ain't magic  
On this I know  
I been telling everybody I'ma give it a go, I know  
I been there before, feel it in my soul, oh I know!  
Love it or hate it, I made it  
I did it, I lived it  
While the whole world lookin at the boy like whoa!  
Baptized in a ocean of Hennessey  
Really wonder what the remedy  
Tell me, how the world gon remember me?  
Got me feelin like the enemy  
Like I ain't got no energy  
I been lookin for an entity

Feelin like I need to chill, like I need a new amenity  
Fuck all that  
I'm a dirty mothafucka, a waste of life  
A waste of skin  
Wanna repent, don't know where to begin  
Next of kin don't give a damn bout me  
I know God don't give a damn bout me  
People try but don't know bout me  
But the devil said that he want my soul  
Give it to me right now  
Give it to me right now  
Give it to me right now  
Give it to me right now

Somebody save me, I need you to save me  
To wash away my sins on high

I know my life was lived the wrong way  
I know I did you wrong in my own way  
But it was the flashing lights that mesmerized  
That hypnotized the only  
Part of me you loved  
Part of me that had the strength to rise above Part of me you know  
Part of me you love more than to let it go
