Logic

Destabilization complete. Prepare for departure

Took you long enough

Oh, I'm sorry, your highness. I'll have to try and ask the asteroid field I had to detour through to not try and kill me next time

Man, I'm just messing with you

Yeah, whatever

So what'd you do on the way over here?

Um, you know, just listening to some oldies

Oldies? Like who?

Logic

Logic? The fuck you know about Logic?

I just listened to his first album on the ride over

Under Pressure?

Yeah, that's the one

Shit...

I was actually gonna put in the second one now

Alright, well you know this was the album that changed everything, right?

I know, that's why it's so important
