

Lucidity (Scene)

Logic

What'd you wanna be when you grew up?

Honestly, a musician

What?

I know man crazy right

Nah, what's crazy is original music hasn't been created since Earth

I know man. Lucidity

What?

Back then people had dreams and achieved them in a state of total consciousness.

Shit we took for granted was obvious: water, food supply.

It's insane to think everyday life for everyone in Babel is the quest for Paradise. I guess that's what I'm looking for

What, being able to make music?

Not just that. If the laws are abolished following the migration - we're free dude

We're not slaves Thomas

We aren't? You can't do anything outside the cause, not really.

That's why we watch the same movies and listen to the same music.

I mean don't get me wrong the catalogue is incredible, but we need... I don't know

Something more?

Yeah, somethin' more
