

# The High Life

Logic

Seem like my whole life changed in the last year  
At parties with legends like "what the fuck I'm doing here?"  
Waiting for someone to say "what the fuck you doing here?"  
Until I realized that I belonged, had nothing to fear  
Who would've thought I would mingle with celebrity singles  
In a room full of Grammy winners discussing they singles  
Some people love you, some people hate you, some people need you  
Some people act like they know you but they can't even read you  
The effort I put into music still the same amount  
Cause ain't a damn thing changed 'cept the bank account  
I remember the day I got my advance money  
I'm talkin so much bread, this shit will make you dance money  
It was the first thing I did, got my team out the way and then I got myself  
a crib  
My boy Lenny gave me a place to stay for a year  
Put food in my stomach, I had nothing to fear  
And once that 365 was up, I told him to quit his job and gave him a new care  
er  
So many rappers on that stupid superstar shit  
But I plan to eat with the people I starved with  
I've made money, I've lost money, I've spent money  
I've slept outside due to lack of the rent money  
I've been in love but having been through a lot of pain  
Cause what the fuck is sunshine without a little rain?

And love is like leaves in the fall  
Cause some people get scared and leave and you fall  
Speaking of which, I met this girl the other day  
The type of girl that make the pain fade away  
And I have a feeling she gon' be my next  
Cause she make me forget all about my ex  
I'm talking something that's deeper than just sex  
But I don't want it to be the 3rd letter in the word next  
Always sold in the sea of love  
I'm just not current, none of the above  
And man fuck all that depressing shit  
Let's get this money and fuck these bitches, you know what I'm sayin?  
Sike nah, you all just know that I'm playin  
Cause all the money you possess ain't what makes you a man  
Big shot, tough guy, blow 100 grand  
But you still in the same place, damn

But man the world is so fascinating  
Ambition got these girls gravitating  
And honestly it strokes the ego  
But beautiful women ain't good for nothing except procrastinating  
I got a show in Paris coming up  
Followed by London, I'm a tear it up  
So many people just don't care enough  
Analyzing faces in the crowd staring up  
What's the difference between me and them?  
How come I ain't in the crowd at they show seeing them?  
What do guys see in me that he ain't see in them?  
Cause honestly I see no difference between me and them  
We all people, all equal, we all the same  
Lookin for control tryna play the game  
We all got issues, just different magazines

We all sleep but have different dreams  
However once you're awake and you life ain't what it seems  
And that's the reason I'm living within my own dream

Hell yea, fuck 'em all, like I'm runnin from you the law  
Haters probably think they faze me, I'm like nuh uh, not at all  
I'm too high up, not to fall  
Like a sphere, bitch I ball  
Never ask me where my team at 'cause you know I brought em all  
And if you're looking for a problem then we can get it solved  
I just kill them with kindness, keep the peace and it dissolve  
You got bitches, I got Bobby Soxer girls that be ride or die  
A shawty on another level, let me catch a vibe  
Super bad girl, IQ is in the sky  
She graduated cum laude, yo bitch went to DeVry  
God damn, oh girl, she a go getta  
At the party takin shots like a Beretta  
Doing anything and everything to feel better  
And now she in the crib getting high like a falsetto  
How you feeling, I be yelling, "why these motherfuckers grilling?"  
And she give me life 'cause I'm making a killing  
Bring it down, do it slow, show me how that really go  
Girl I'm new in town, I don't really know  
They be like, when you gonna tell me that you love me?  
I be like bitch I gotta hit the studio, ho  
Now she got me on the crib, talkin that she wanna do it  
Condom on the dresser looking at me like there ain't nothing to it  
Thinking should I do it though  
I don't even know though  
I don't even know the ho  
I don't even know though

Say oh oh oh  
Mama I made it  
You cannot tell me no but the young boy made a way  
Oh oh oh  
Oh oh oh oh oh oh  
I said oh oh oh oh oh
