

# Get It Tonight

Loick Essien

You are so cold  
That you are giving me goose ..  
Your booty is so swelling  
Like G speed bumps  
Bam bam  
That .. dancing in your trunk  
Make me wanna take you on a test drive

I just got to be on this baby  
I just wanna be on your body  
Baby won't you get near me  
Possibilities are endless

Your body says that you wanna move girl  
So do i  
Let's get it tonight  
(repeats)

You are so cold that you are giving me chills  
You are bad just like ..  
The way that you are working  
Got me so high like I can fly

I see something in  
That I really wanna and I like  
Girl I really feeling your style  
And the way you are breaking down

Your body says that you wanna move girl  
So do i  
Let's get it tonight  
(repeats)
