

I'm Gonna Give My Heart

London Boys

I'm gonna give my heart
I'm gonna give my heart
I'm gonna give it,
Never leave a teardrop in the dark
I'm gonna take my pride
The trouble and the strife
This time you'll find me standin' up and quiet
Prepared to fight

I'm gonna take you up
I'm gonna take you down
I'm gonna step into your life and turn it
Round an' round
I'm gonna kiss your lips
I'm gonna feel your hips
I'm gonna let your body melt into my fingertips

Nothing ever last forever
nothing stays the same
In this world you will discover
Rainbows follow rain:

I'm gonna give my heart
Gonna give it from the start
Give it, right from the start
Yes I'm gonna give my heart
Gonna give it all I got
And heaven knows I got a lot.

Gonna give my heart
Gonna give my heart
I'm gonna give you all my love
Gonna give my heart
Gonna give my heart
I wanna give you all my love.

I'm gonna saddle up
Don't wanna settle down
I'm gonna saddle up tonight
We're gonna paint the town
No matter what you say
No matter how you pray
I'm sick and tired of waitin' for you,
Walking in the rain
