

# Love Train

London Boys

I'm a party man, an' I shake ma thang  
To the rhytm, 'cross the floor.  
'Cause party time is lovin' time  
An' I feel it, more and more.  
You don't need a ticket, if you wanna dig it,  
Come on up, and step on in.  
Do the locomotion, with true devotion  
We're travelling 'cross the land.

Love train!  
We're ridin' high on the  
Love train! Baby  
Just you an' I  
Love train!  
Another night on my

Love train.

Live it up, gonna use it up  
Move your body!  
Live it up, gonna use it up  
Let's make love tonight.  
Live it up, gonna use it up  
People move your body!  
Live it up, up, up,  
Get down, get down.

Love.

Aggravation, crime an' modern times  
We're losing day by day.  
Better turn around and break for love  
There ain't no other way.  
Like a river rising, hypnotising  
Can you feel the force?!!  
Every sister, brother, black and white,  
everybody step onboard.

Love.
