

My Love

London Boys

Up and down
I been runnin' round an' round
And my heart is taking chances
On a tightrope, baby

No more words
I can't say how much it hurts
While I'm dacing here beside you
Deep inside the fire burns.

WooooOH!
I wanna give my love to you
I wanna get to you now,
An' really lose control
WooooOH!
No matter what you say or do
Tonight I'm gonna get you girl,
An' I really love you so!
I wanna give my love!
I wanna give my love!
I wanna give my lo-ho-ho-hove!
Lord, I wanna get you one more time
My love!
I wanna give my love!
I wanna give my lo-ho-hove to you.

Tragedy
Is your heart too blind to see
Are you just a kind of lover
That would lead me on, girl

Head to toe
You're a woman, don't you know
An' like a never-ending river
I can feel the fire glow.

WooooOH!
I wanna give my love to you
I wanna get to you now,
An' really lose control
WooooOH!
No matter what you say or do
Tonight I'm gonna get you girl,
An' I really love you so!
I wanna give my love!
I wanna give my love!
I wanna give my lo-ho-ho-hove!
Lord, I wanna get you one more time
My love!
I wanna give my love!
I wanna give my lo-ho-hove to you.

WooooOH!
I wanna give my love to you
I wanna get to you now,
An' really lose control
WooooOH!

No matter what you say or do
Tonight I'm gonna get you girl,
An' I really love you so!
I wanna give my love!
I wanna give my love!
I wanna give my lo-ho-ho-hove!
Lord, I wanna get you one more time
My love!
I wanna give my love!
I wanna give my lo-ho-hove to you.
