Yes I know, yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know

1) Livin' will be easier tomorrow
That is waht my friends would always say
A truer love will surely come my way-y
But pickin' up the pieces ain't so easy
Lord, I'm crying in the rain
But I'd do it all gain, for

Sandra!
Oh, Sandra!
Tonight I call your name
I don't know where to go
Without that lovin' feeling

Oh, Sandra!
Oh, Sandra!
Please help me if you ca-an

The tears are in my eyes
Yes, tonight I need you

Yes I know, yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know

2) The constellation of two hearts together
Playin' hide an' seek, no room for love
Just victims of the lonely circumstance
Just strike a kiss,

And when your hearts on fire
You will touch the burning flame...

Lord, I'do it all again

Oh, Sandra!
Oh, Sandra!
Please help me if you ca-an

The tears are in my eyes
Yes, tonight I need you

Sandra! Sandra!
Wo-oh-wo-oh-wo-oh
I need you so-oh
Huuuuu

Yes I know, yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know, yes I know,
Yes I know, yes I know, yes I know
