

Everywhere You Go

London Grammar

There's a new way
It's a hard way
Only for you'll say
Cause you're my baby

It's a new day
And a clean slate
Oh how our dream of it
Cause you're my baby

Everywhere you go oh
Everywhere you go oh
Everywhere you go oh
Is everywhere I go
You'll be everywhere I go
You'll be everywhere I go

You say it's me here
You say it's only you
The one that I love
You're all I dream of

Everywhere you go oh
Everywhere you go oh
Everywhere you go oh
Is everywhere
(You'll be everywhere)
I go
(You'll be everywhere)
You'll be everywhere I go
You'll be everywhere I go

And I can't stand it
Don't make me, don't make me try to be without it
Don't make me try to be without it
Don't make me try to be without it
You know that I hurt don't wanna try

You'll be everywhere I go
You'll be everywhere I go
You'll be everywhere I go
You'll be everywhere I go
