Ev'rybody's telling you what you wanna  
hear  
so how you gonna know what's fake and  
what's real  
who's gonna tell you things ain't so great  
when your so-called friends won't tell it to  
your face  
fair weather, foul weather ev'ry kind  
o'mood  
I'll be there for you standing like a tower or  
truth  
who's gonna get you through the sum of all  
fears  
when the world is crum'bling around your  
ears  
Bridge 1:  
when the lights go out will you face the  
dark alone?  
Or will you call my name? 'Cos I'll be there  
and I'll be strong  
Chorus 1:  
Where are you? Where are you?  
even the shadows call your name  
oh, I will never be the same  
while O keep searching on and on  
living my life living my life without you  
Verse 2:  
meet me in the garden come break of the day  
reach into the dawn and you can touch my  
face  
meet me in the morning it's a beautiful  
place  
seek me in the shadows where you  
thoughts all stray  
ev'rybody's wondering where is the love  
it's the heartbeat beating on the wings of a  
dove  
seek and you'll find me never be  
ashamed  
when I wrap my love around you then you'll  
know my name  
Bridge 2:  
when the lights go out will you face the dark  
alone?  
or will you call my name? I'll be there and  
I'll be strong

even the shadows call your name  
oh, I will never be the same
