

You Bring on the Sun

Londonbeat

Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh
Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh

I'm watching the sun say good morning
Chasing all the shadows away
I stand face to face with tomorrow
Troubles lost in yesterday, hey
Well, the night seemed to last forever
The darkest hour just before the dawn

You bring on the sun, it's you making it shine
You light up the sky like this heart of mine
You bring on the sun, it's you making it shine
You light up the sky like this heart of mine

Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh
Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh

I was lost in a lover's confusion
Waiting for this moment with you
You lifted the veil of illusion
Like only a woman can do, oh oh oh
Woh, the night seemed to last forever
Today we walk with our feet upon the ground

You bring on the sun, it's you making it shine
You light up the sky like this heart of mine
You bring on the sun, it's you making it shine
You light up the sky like this heart of mine

Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh
Ooh ooh ooh ooh ooh ooh, you bring on the sun

Oh oh oh oh

Oh, the night seemed to last forever
The darkest hour just before the dawn
Oh, the night seemed to last forever
Today we walk with our feet upon the ground
Ha, ha, bring it on

You bring on the sun, it's you making it shine
You light up the sky like this heart of mine
You bring on the sun, it's you making it shine
You light up the sky like this heart of mine

(You bring on the sun) ah ah ah ah
(It's you making it shine) ah ah ah ah ah
(You light up the sky) ah ah ah ah ah ah
Like this heart of mine

Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh
You bring on the sun, it's you making it shine
Ooh ooh ooh ooh ooh ooh ooh ooh ooh ooh
Bring it on, bring it on, bring it on
