

## Keys to My Heart

Lonestar

Here's the keys to my heart  
Honey drive me crazy  
Take me anywhere you want to go  
Here's the keys to my heart  
Honey drive me crazy  
Fill it up with love and let it roll

I gotta admit it's been wrecked a time or two  
A little T.L.C. and it'll be brand spanking new  
Honey slide on in, I'll let you take it for a spin  
You'll like the way it feels when you get behind the wheel

Here's the keys to my heart  
Honey drive me crazy  
Take me anywhere you want to go  
Here's the keys to my heart  
Honey drive me crazy  
Fill it up with love and let it roll

If you hear little knocking it might be skipping a beat  
When it's hugging those curves, it just might overheat  
It's got a lifetime guarantee, a hot rod built for speed  
So go ahead and let it fly, you'll love the way it rides

Here's the keys to my heart  
Honey drive me crazy  
Take me anywhere you want to go  
Here's the keys to my heart  
Honey drive me crazy  
Fill it up with love and let it roll

Here's the keys to my heart  
Honey drive me crazy  
Fill it up with love and let it roll
