## Let's Be Us Again

Lonestar

Tell me what I have to do tonight 'Cause I'd do anything to make it right Let's be us again

I'm sorry for the way I lost my head I don't know why I said the things I said Let's be us again

Here I stand With everything to lose And all I know is I don't want to ever see the end Baby please, I'm reaching out for you Won't you open up your heart and let me come back in Let's be us again

Oh us again

Look at me, I'm way past pride Isn't there some way that we can try To be us again Even if it takes a while I'll wait right here until I see that smile That says we're us again

Here I stand With everything to lose And all I know is I don't want to ever see the end Baby please, I'm reaching out for you Won't you open up your heart and let me come back in Let's be us

Baby baby what would I do I can't imagine life without you

Here I stand With everything to lose And all I know is I don't want to ever see the end Baby please, I'm reaching out for you Won't you open up your heart and let me come back in

Oh, here I am I'm reaching out for you So won't you open up your heart and let me come back in Let's be us again

Oh let's be us again
