

# Noise

Lonestar

Everywhere I look lately the only the thing I see  
Is some advertisers telling me what I'm supposed to be  
At the movies on my radio, on my TV screen  
Someone's selling someone's yelling it makes me want to scream

My brain is ringin'  
It's getting harder and harder to think through all this

Noise  
I've gotta get out of this noise  
I can't even hear my own voice  
It's drivin' me crazy, somebody save me  
I've gotta turn down this noise

I need some peace and quiet just one minute to relax  
All the information junkies keep distorting all the facts  
If you dial this toll free number it's all within your reach  
We'll all be rich and skinny while we're dancin' on the beach

The truth is still out there  
But it's getting harder and harder to hear through all this

Something keeps telling me  
This ain't how it's meant to be

Why can't we stop this noise  
We've gotta stop this noise  
Somebody save me  
I'm drownin' in all this noise
