

What About Now

Lonestar

The sign in the window said, "For Sale Or Trade"
On the last remaining dinosaur Detroit made
Seven hundred dollars was a heck of a deal for a
Four hundred horsepower jukebox on wheels
And that road rolls out like a welcome mat
I don't know where it goes but it beats where we're at
We always said some day, somehow
We're gonna get away gonna blow this town...

R: What about now? How about tonight?
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talking about
What about now? Why should we wait?
We can chase these dreams down the interstate
And be long gone 'fore the world moves on

And makes another round. What about now?

We've been puttin' this off baby long enough
Just give me the word and we'll be kickin' up dust
We both know its just a matter of time
'Til our hearts start racin' for that county line

R:

We could hang around this town forever makin' plans
But there won't ever be a better time to take this chance
