

## What About Now

Lonestar

The sign in the window said, "For Sale Or Trade"  
On the last remaining dinosaur Detroit made  
Seven hundred dollars was a heck of a deal for a  
Four hundred horsepower jukebox on wheels  
And that road rolls out like a welcome mat  
I don't know where it goes but it beats where we're at  
We always said some day, somehow  
We're gonna get away gonna blow this town...

R: What about now? How about tonight?  
Baby for once let's don't think twice  
Let's take that spin that never ends  
That we've been talking about  
What about now? Why should we wait?  
We can chase these dreams down the interstate  
And be long gone 'fore the world moves on

And makes another round. What about now?

We've been puttin' this off baby long enough  
Just give me the word and we'll be kickin' up dust  
We both know its just a matter of time  
'Til our hearts start racin' for that county line

R:

We could hang around this town forever makin' plans  
But there won't ever be a better time to take this chance
