## What About Now

Lonestar

The sign in the window said, "For Sale Or Trade" On the last remaining dinosaur Detroit made Seven hundred dollars was a heck of a deal for a Four hundred horsepower jukebox on wheels And that road rolls out like a welcome mat I don't know where it goes but it beats where we're at We always said some day, somehow We're gonna get away gonna blow this town...

R: What about now? How about tonight? Baby for once let's don't think twice Let's take that spin that never ends That we've been talking about What about now? Why should we wait? We can chase these dreams down the interstate And be long gone 'fore the world moves on

And makes another round. What about now?

We've been puttin' this off baby long enough Just give me the word and we'll be kickin' up dust We both know its just a matter of time 'Til our hearts start racin' for that county line

R:

We could hang around this town forever makin' plans But there won't ever be a better time to take this chance
